We need your input. The City is updating the General Plan, plaNorfolk 2030, and we need to hear from you.

## plaNorfolk 2030

How do we get there?

Please join us at one of the six community meetings that we have scheduled throughout the City. We will present of an overview of the draft plan and have maps, displays and documents for your review. Staff will be available to answer your questions and more importantly, take your input!
