

Inter Department Correspondence Sheet

TO: City Manager

FROM: Andy

COPIES TO: _____

SUBJECT: Wards Corner

July 13, 2010

The Greater Wards Corner Comprehensive Plan (2004) is approximately 6 years old. In that time, changes have resulted in demographics, the economy overall, and city finances in particular.

However, I believe opportunity still exists for major change in the plan area.

As we have a Wards Corner Task Force where stakeholders meet on a regular basis, I request a meeting of City Hall stakeholders as an educational tool for myself.

Therefore, I kindly request a meeting with NRHA, Economic Development, City Planning and perhaps the City Attorney's Office to brief me and examine our past, present, and future in Wards Corner.

I would like to meet in the City Council Conference Room, and questions will be particularized for each department by me before they arrive to afford adequate time to prepare.
